

General heuristic walkthrough to check on changes made since last evaluation.

Following rained then:

Description (last modified by wmoore) ([diff](#))

r: reporter o: owner

Must have priorities

General

- “Feed” label for home page
- Move the “Feed” button from the primary position ***DONE***
- User should first land on the ‘Data’ page after logging in ***DONE***
- Bell Icon for Activities

Replace this bell icon with a circular arrows icon to illustrate activities/active processes. See http://gretzky.openmicroscopy.org.uk/static/webgateway/img/activity_light_24.png)

Group

- As the ‘group’ dropdown is not always present, the main toolbar jumps around at the moment. Please can we show this button all the time even if inactive [Is this still an issue? If so, please give more details. Where do we need to show 'group' dropdown? (Will)]
- The dropdown menu spacing needs reduction
- The Tooltips interfere with use – please turn off [These actually have useful info: they say that you can click on the Group directly (don't **have** to choose a user). Maybe we could indicate this in another way? (Will)]
- Please order of the group members alphabetically **DONE**

History

- The calendar click through to image is not currently working

DONE?

- Filter appears in centre panel with the history – please remove this. [Is this not a useful feature? (Will)]
- The tabs of General, Acquisition and Preview should not be enabled initially. **DONE**

Web Admin

- There is no indication of whether you are currently on the ‘edit groups’ or ‘edit scientists’ tab. Please show a depression or colour contrast to illustrate this here. [Classes have been added, just needs css work (Will)]
- Web Admin Cog icon

Replace the cog icon in the web admin for editing scientists and groups with the pencil icon (this will achieve consistency across the application and will remove re-use of cogs on icons for different functionalities).

Search

- Only show Preview & Acquisition tabs when selecting an Image

DONE

- Only show search filter once we've done a search. **DONE**

Second Level Priorities

Right hand panel

- Accordion UI for Acquisition metadata should have some indication that it can be expanded **DONE**

General

- Thumbs look funny when loading with 'image' text and the whole page flowing as thumbs are loading. See screen-shots.
- The thumbnails/ dropdown looks like a button, but it actually works like a drop down menu. It should appear more like a drop-down menu - e.g. arrow icon on right hand side. **DONE**

- Profile icon defaults should include more diverse options. Alternatively just remove the default icon (Inform Insight)

- The numbers to the left of a project/dataset name are still at a low contrast level. Need to increase contrast and suggest using the brackets Insight uses i.e. [4] [You mean in the tree? I actually quite like it as it is (Will)]

To be checked:

Feed button position - much better visually with data as default home page

Bell icon - still there

Group dropdown - sorted

Tooltips on group - better position but still a bit problematic

Order of group members - good much better

Calendar link - working

Filter - see below

Right hand tabs - good

Tabs group window - still an issue

Cog icon - replaced

Filter only after search - done

Aquisition expand

Thumbnails dropdown

Group:

Not sure why group coming up as "default"

When I am a member of more than one group, I am still getting "default" Surely my default should be Swedlow

When I select omero scientist from the Swedlow group all his data is locked, and he was not a member of the Swedlow group when I was logged in as him. and had different data - are there 2 of him?

Bug Note:

In user account group “tab” remains available but is not active - should be greyed out if not active

See separate bug document

When trying Drivespace I get my account but as dropdown with no functionality.

Bug Note:

History Tab

- get persistent loading icon by filter box when in History tab
- goes away when there is data in the centre pane

“Legend” box popping up at bottom of search results.
Pointless and out of context - suggest get rid of it all together

Bug Note:

Search Issues:

Transparent background to dates dropdown when clicked in Date box - needs solid colour BG

Date box label replaced by "In" when I pressed <cmd> to do screen capture - weird!

Search for “centrosomes” - failed to find any images when there is an image and a project with it in title

The screenshot shows the OMERO search interface. The top navigation bar includes 'Data', 'History', and 'Feed'. The user is identified as 'gus ferguson' in the 'Swedlow Group'. A search bar at the top right contains 'Filter Results'. The main search area is titled 'GENERAL SEARCH' and contains the following fields:

- Search for:** centrosomes
- Date:** (empty)
- In:** Images, Datasets, Projects, Plates, Screens (all checked)
- Search** button

Below this is the 'BATCH SEARCHING' section with a large text input field and a 'Search' button. The search results area on the right displays a large blue icon of an open box and the text 'No results found'.

Search for "ome" - found images with no apparent "ome" in them

The screenshot shows the OMERO search interface with search results for 'ome'. The search bar contains 'ome'. The results table is as follows:

Object	Name	Date
...	..._test_images_good/ome-tiff/8x binning int 125x50 268fps_1_ome.tif	May 25, 2011, 11:34 a.m.
...	..._repo/test_images_good/ome-tiff/multi-channel-time-series.ome.tif	Nov. 8, 2007, 2:52 p.m.
...	...a_repo/OMERO_Test_Images/Deltavision/images/DLD1-MT-02_R3D_D3D.dv	Sept. 30, 2011, 11:46 a.m.
...	...a_repo/OMERO_Test_Images/Deltavision/images/DLD1-MT-04_R3D_D3D.dv	Sept. 30, 2011, 11:46 a.m.
...	...ata_repo/test_images_good/ome-tiff/multi-channel-z-series.ome.tif	Nov. 8, 2007, 2:52 p.m.
...	...ta_repo/test_images_good/ome-tiff/multi-channel-4D-series.ome.tif	Nov. 8, 2007, 2:52 p.m.
...	/Users/moore/NoBackup/SampleImages/ome-tiff/multi-channel.ome.tif	Nov. 8, 2007, 1:52 p.m.
003003000.flex		Feb. 6, 2012, 12:21 a.m.
015006000.flex (Well A-18; Field #1)		July 8, 2009, 3:31 p.m.
015006000.flex (Well A-18; Field #2)		July 8, 2009, 3:31 p.m.
015006000.flex (Well A-18; Field #3)		July 8, 2009, 3:31 p.m.
015006000.flex (Well A-24; Field #1)		July 8, 2009, 3:31 p.m.
015006000.flex (Well A-24; Field #2)		July 8, 2009, 3:31 p.m.

The right-hand panel shows details for the selected object '003003000.flex':

- General:** 003003000.flex, IMAGE ID: 31570, Launch full viewer
- Owner:** Will Moore
- Acquisition Date:** 2012-02-06 00:21:34
- Imported Date:** 2012-02-06 12:21:34
- Dimensions (XY):** 662 x 480
- Pixels Type:** uint16
- Pixels Size (XY) (µm):** 0.6459 x 0.6459
- Z-sections/Timepoints:** 1 x 62
- Channels:** 1:Cam1, 2:Cam3
- Rate:** No ratings
- TAGS:** (empty)
- ATTACHMENTS:** (empty)
- OTHERS:** (empty)
- COMMENT:** (empty)

The screenshot shows the OMERO web interface. The top navigation bar includes 'OMERO', 'Data', 'History', and 'Feed'. The user is logged in as 'gus ferguson'. The main interface is divided into three panes:

- Left Pane (GENERAL SEARCH):** Contains a search box with 'ome' entered, a date field, and checkboxes for 'Images', 'Datasets', 'Projects', 'Plates', and 'Screens'. A 'Search' button is below. Below this is a 'BATCH SEARCHING' section with a larger search box and a 'Search' button.
- Middle Pane (Table):** A table with columns 'Object', 'Name', and 'Date'. It lists search results for 'ome', including various image and dataset files.
- Right Pane (Metadata):** Shows details for the selected image '015006000.flex [Well A-18; Field #1]'. It includes fields for 'Owner' (Jason Swedlow), 'Acquisition Date' (2009-07-08 15:31:24), 'Imported Date' (2011-02-19 21:33:41), 'Dimensions (XY)' (664 x 491), 'Pixels Type' (uint16), 'Z-sections/Timepoints' (1 x 1), and 'Channels' (0, 1). There are also sections for 'Rate', 'TAGS', 'ATTACHMENTS', and 'OTHERS'.

Inconsistent behaviour of filter box:

Did appear and stay in another search - see top screenshot

Filter box did not appear above results after another search - see screenshot above

No way of getting it back without repeating search

If I do search, get results in centre pane, then click on image, metadata for that image appears in right hand pane.

If I then do another search from left hand pane, I get new results in middle pane, but the metadata from the old image persists in right hand pane - needs refreshing with new search

Refreshes OK if new search done from toolbar search box.

Inconsistent search results:

Did search for "ome"

Got:

This a couple of times:

The screenshot shows the OMERO web interface. The top navigation bar includes 'Data', 'History', and 'Feed'. The user is logged in as 'gus ferguson' under the 'Swedlow Group'. A search filter is applied, showing results for the query 'ome'. The search results are displayed in a table with columns for 'Object', 'Name', and 'Date'.

GENERAL SEARCH

Search for:

Date:

In: Images Datasets Projects
 Plates Screens

BATCH SEARCHING

Search for:

Delimiter: comma (,) semi-colon (;) horizontal tab vertical bar (|)

Object	Name	Date
...	.../test_images_good/ome-tiff/8x binning int 125x50 286fps_1.ome.tif	May 25, 2011, 11:34 a.m.
...	..._repo/test_images_good/ome-tiff/multi-channel-time-series.ome.tif	Nov. 8, 2007, 2:52 p.m.
...	...a_repo/OMERO_Test_Images/Deltavision/images/DLD1-MT-02_R3D_D3D.dv	Sept. 30, 2011, 11:46 a.m.
...	...a_repo/OMERO_Test_Images/Deltavision/images/DLD1-MT-04_R3D_D3D.dv	Sept. 30, 2011, 11:46 a.m.
...	...ata_repo/test_images_good/ome-tiff/multi-channel-z-series.ome.tif	Nov. 8, 2007, 2:52 p.m.
...	...ta_repo/test_images_good/ome-tiff/multi-channel-4D-series.ome.tif	Nov. 8, 2007, 2:52 p.m.
...	/Users/moore/NoBackup/SampleImages/ome-tiff/multi-channel.ome.tif	Nov. 8, 2007, 1:52 p.m.
...	003003000.flex	Feb. 6, 2012, 12:21 a.m.
...	015006000.flex [Well A-18; Field #1]	July 8, 2009, 3:31 p.m.
...	015006000.flex [Well A-18; Field #2]	July 8, 2009, 3:31 p.m.
...	015006000.flex [Well A-18; Field #3]	July 8, 2009, 3:31 p.m.
...	015006000.flex [Well A-24; Field #1]	July 8, 2009, 3:31 p.m.
...	015006000.flex [Well A-24; Field #2]	July 8, 2009, 3:31 p.m.

then suddenly got this:

No reason for different results apparent

OMERO Data History Feed

Swedlow Group gus ferguson
